Mason County

Julie N. Zimmerman
June, 2011

As required by the Constitution, every 10 years the Decennial Census makes an official count of persons living in the United States. To better reflect diversity across the nation, for the 2000 Decennial Census, individuals were able to report more than one race. This is now the standard and was continued for the 2010 Decennial Census.

Hispanic origin refers to ethnicity. A distinct concept from race, it is counted separately.

For more information on data from the 2010 Decennial Census, see the publication:
The 2010 Census: New Decade, New Data on the Kentucky: By The Numbers website.

The Kentucky: By the Numbers Data Series provides county profiles developed to support local decision making. The entire series is available at <http://www.ca.uky.edu/snarl>.

June, 2011

As required by the Constitution, every 10 years the Decennial Census makes an official count of persons living in the United States. To better reflect diversity across the nation, for the 2000 Decennial Census, individuals were able to report more than one race. This is now the standard and was continued for the 2010 Decennial Census.

Hispanic origin refers to ethnicity. A distinct concept from race, it is counted separately.

For more information on data from the 2010 Decennial Census, see the publication:
The 2010 Census: New Decade, New Data on the Kentucky: By The Numbers website.

~ Race and Ethnicity Update ~

Powell County

June, 2011

As required by the Constitution, every 10 years the Decennial Census makes an official count of persons living in the United States. To better reflect diversity across the nation, for the 2000 Decennial Census, individuals were able to report more than one race. This is now the standard and was continued for the 2010 Decennial Census.

Hispanic origin refers to ethnicity. A distinct concept from race, it is counted separately.

For more information on data from the 2010 Decennial Census, see the publication:
The 2010 Census: New Decade, New Data on the Kentucky: By The Numbers website.

The Kentucky: By the Numbers Data Series provides county profiles developed to support local decision making. The entire series is available at <http://www.ca.uky.edu/snarl>.
