2017 Agriculture
Logan County

Kentucky: By The Numbers
<http://kybtn.ca.uky.edu>

Julie N. Zimmerman, Professor, Rural Sociology. Cameron McAlister, Graduate Assistant. May, 2020

In Kentucky, farming and agriculture range from the large scale irrigated cash grains operations of the western region, to the horse and general farm enterprises of central Kentucky, to small scale farming in eastern counties. The Census of Agriculture counts any place from which “\$1,000 or more of agricultural products were produced and sold, or normally would have been sold, during the census year.” The USDA’s National Agricultural Statistics Service (NASS) conducts the Census of Agriculture every 5 years (in years that end with a “2” or a “7”).

For data on top crops and livestock, see the county profiles at:

https://www.nass.usda.gov/Publications/AgCensus/2017/Online_Resources/County_Profiles/Kentucky/index.php

The Kentucky: By the Numbers Data Series provides access to county data to support local decision making. The entire series is available at <http://kybtn.ca.uky.edu>.

	<u>County</u>	<u>State</u>
<u>Farms</u>		
Total number of farms	1,078	75,966
Land in farms (acres)	276,309	12,961,784
Median size of farm (acres)	73	70
Average size of farm (acres)	256	171
Percent of land area in farms	78.2%	51.3%
<u>Principal Producers</u>		
Total Number of Principal Producers	1,399	100,889
<u>Work</u>		
Number of principal producers for whom primary occupation is farming	623	39,268
Number of principal producers working any days off the farm	865	64,315
<u>Age and Sex</u>		
Average age of principal producers	58.1	57.3
Number of principal producers who are under 35 years old	98	8,194
Number of principal producers who are male	1,061	73,677
Number of principal producers who are female	338	27,212
<u>Length of Time Farming</u>		
Average number of years principal producer on present farm	23.1	21.2
Number of principal producers on present farm for 4 years or less	197	14,851
Number of principal producers on present farm for 9 years or less	333	29,304

Magoffin County

Kentucky: By The Numbers
<http://kybtn.ca.uky.edu>

Julie N. Zimmerman, Professor, Rural Sociology. Cameron McAlister, Graduate Assistant. May, 2020

In Kentucky, farming and agriculture range from the large scale irrigated cash grains operations of the western region, to the horse and general farm enterprises of central Kentucky, to small scale farming in eastern counties. The Census of Agriculture counts any place from which “\$1,000 or more of agricultural products were produced and sold, or normally would have been sold, during the census year.” The USDA’s National Agricultural Statistics Service (NASS) conducts the Census of Agriculture every 5 years (in years that end with a “2” or a “7”).

For data on top crops and livestock, see the county profiles at:

https://www.nass.usda.gov/Publications/AgCensus/2017/Online_Resources/County_Profiles/Kentucky/index.php

The Kentucky: By the Numbers Data Series provides access to county data to support local decision making. The entire series is available at <http://kybtn.ca.uky.edu>.
