

# LaRue County

## Agriculture and Natural Resources Data

Data provided in this issue of Kentucky: By The Numbers were **compiled to correspond to the issues** covered in the **Agriculture and Natural Resources** section of the University of Kentucky

### Cooperative Extension Statewide Community Needs Assessment

<https://extension.ca.uky.edu/community-assessment-0>

The statewide needs assessment was conducted to identify and prioritize community needs, issues, and/or opportunities that Extension could address through targeted educational programming and engagement efforts. The survey was divided into 4 sections: 1) **Agriculture and Natural Resources**, 2) Youth Development, 3) Family and Individual Development, and 4) Community and Economic Development.

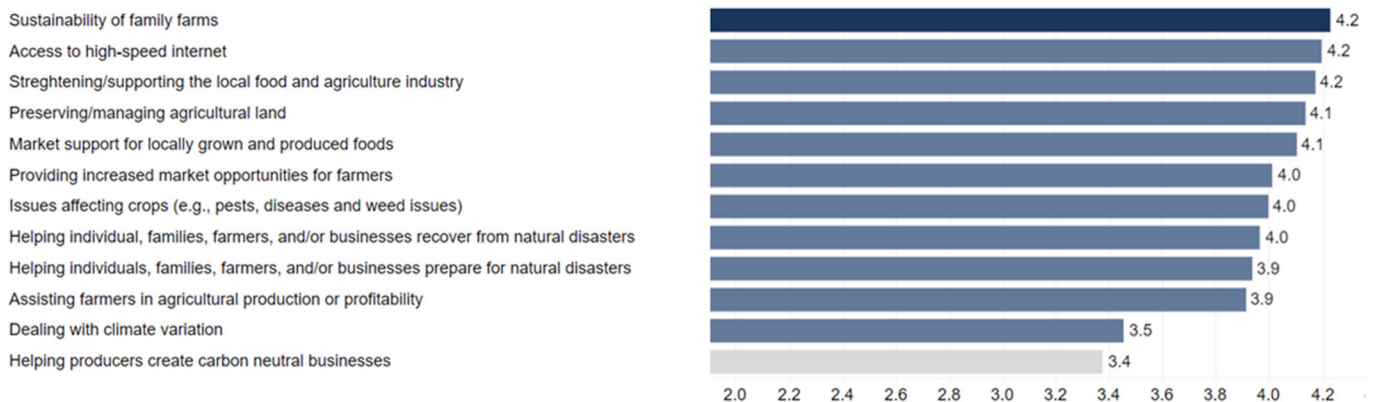

These data have been compiled to assist in using the survey results for local planning. Data from nearly 40 different sources were selected and links to each data source are provided at the end. Secondary data for the other survey sections are available at <https://kybtn.ca.uky.edu/>. To learn more about Cooperative Extension at the University of Kentucky go to: <http://extension.ca.uky.edu/>.

*For questions about the assessment or the survey results, contact: Dr. Lola Adedokun (lola.adedokun@uky.edu)  
For additional data or data-related assistance, contact: Dr. Julie N. Zimmerman (jzimm@uky.edu)*

## Agriculture and Natural Resources Survey Section

State Results, University of Kentucky Cooperative Extension Statewide Community Needs Assessment

In your opinion, to what extent is practical education/assistance in each of the following topics a need in your community?  
1 = Not a need, 2 = Low need, 3 = Moderate need, 4 = Very high need, 5 = Very high need

**Farms**

Farms and Farming <sup>1</sup> (2022)	
	County
Total Number of Farms	701
Total Number of Acres in Farms	111,006
Percent of Land in Farms	66.3%
Average Farm Size (acres)	158

Number of Farms by Size <sup>2</sup> (2022)	
	County
1 to 9 acres	76
10 to 49 acres	300
50 to 179 acres	210
180 to 499 acres	72
500 to 999 acres	23
1,000 acres or more	20

Farm Tenure <sup>3</sup> (2022)	
	County
Full Owners	553
Part Owners	132
Tenants	16

Selected Characteristics <sup>2</sup> (2022)	
	County
Market Value of Agricultural Products Sold, Average per Farm	\$86,323
Farm Production Expenses, Average Per Farm	\$67,791

Ownership <sup>3</sup> (2022)	
	County
Number of Operations that are more than 50 Percent Owned by One Producer's Household and/or Extended Family	682
<b>Legal Status for Tax Purposes</b>	
Number of Farms Operated by Family or an Individual	640
Acres in Farms Operated by Family or an Individual	65,784

\* = data undisclosed

**Producers**

All Producers <sup>3</sup> (2022)	
	County
Farms with 1 Producer	261
Farms with 2 Producers	396
Farms with 3 Producers	23
Farms with 4 Producers	11
Farms with 5 or more Producers	10

Gender <sup>3</sup> (2022)	
	County
Total Number of All Producers	1,247
Number of All Producers who are Male	777
Percent Male	62.3%
Number of All Producers who are Female	470
Percent Female	37.7%

Primary Occupation and Years on Farm <sup>3</sup> (2022)	
	County
<i>(Data only collected for up to 4 producers per farm)</i>	
Number of Producers for whom Farming is their Primary Occupation	423
Percent of Producers for whom Farming is their Primary Occupation	35.1%
Number of Producers for whom something Other than Farming is their Primary Occupation	783
Average Years on Present Farm	19.7
Average Years on Any Farm	22.2

**Producers** *(continued)*

Age <sup>3</sup> (2022)	
<i>(Data only collected for up to 4 producers per farm)</i>	County
Under 25 years old	16
25-34 years	128
35-44 years	186
45-54 years	170
55-64 years	334
65-74 years	275
75 years and over	97
Average Age	55.5

Race and Ethnicity <sup>3</sup> (2022)	
<i>(Data only collected for up to 4 producers per farm)</i>	County
Producers by Race...	
... American Indian or Alaska Native	5
... Asian	0
... Black or African American	9
... Native Hawaiian or Other Pacific Islander	2
... White	1,179
... More than one race reported	11
Hispanic, Latino, or Spanish origin	16

**Internet Access**

Farm Internet Access <sup>3</sup> (2022)	
	County
Farms with Internet Access	564
Type of Access...	
... Broadband	414
... Dial-up	13
... Cellular Data Plan	359
... Satellite	47

Household Internet and Computer Access <sup>4</sup> (2018-2022)	
	County
Households with <u>no</u> Computer	722 (+/- 202)
Percent of Households with no Computer	12.1% (+/- 3.4%)
Households <u>without</u> an Internet Subscription	244 (+/- 244)
Percent of Households without an Internet Subscription	20.3% (+/- 4.1%)

**Farm Income**

Market Value <sup>2</sup> (2022)	
	County
Market Value of Agricultural Products Sold	\$60,512,000
Market Value of Crops, incl Nursery and Greenhouse Crops	\$52,438,000
Market Value of Livestock, Poultry, and their Products	\$8,075,000

Food Marketing and Tourism <sup>5&amp;6</sup> (2022)	
	County
Number of Farms Marketing Food Directly to Consumers	36
Number of Farms Marketing Food Directly to Retail Markets, Institutions, and Food Hubs for Local or Regionally Branded Products	15
Number of Farms with Processed or Value-Added Agricultural Products Sold	12
Number of Farms with Income from Agri-Tourism and Recreational Services	10

Related Local Businesses

Selected Businesses <sup>7</sup> (2021)	
	County
Agriculture, Forestry, Fishing and Hunting Establishments	n/a
Mining, Quarrying, and Oil and Gas Extraction Establishments	n/a
Restaurants and other Eating Places	11
Food and Beverage Stores	6
Arts, Entertainment, and Recreation Establishments	3
Accommodation and Food Services Establishments	12

Climate and Disasters

Expected Annual Loss <sup>8</sup> (2021-2022)	
	County
Total Expected Annual Loss in Anticipated Economic Damage Resulting from Natural Hazards	\$1,979,416
Agriculture Value	\$48,764
Building Value	\$1,128,175

Emergency and Disaster Declarations <sup>9</sup> Since 2012 (2012-2022)	
	County
<b>Total Number</b> of Emergency and Major Disaster Declarations in last 10 years	2
<b>Most Common</b> Emergency and Major Disaster Incident in last 10 years	Flood

Margins of Error

For counties with small populations and small population groups, the **margins of error** (indicated by a +/- \_\_\_) or confidence intervals (indicated by a range) can be quite large.

The margin of error or confidence interval tells us how precise the estimate is by indicating the **range within which the estimate most likely falls**.

For help in understanding the margin of error, see the brief Kentucky: By The Numbers publication **“And Now for the Grain of Salt.”**

Additional data are available at: Kentucky: By The Numbers (<http://www2.ca.uky.edu/snarl/Index.htm>)
