While most householders 65+ are either married or live alone, there are also several other types of family arrangements. This data sheet is one of four which provides information on aging from the 2000 Census.

Access to these county data sheets, along with a wide range of aging-related information, can be found online at <http://www.ca.uky.edu/fcs/aging>.

“Kentucky: By the Numbers” provides county level data on a variety of topics. The entire series is available at <http://www.ca.uky.edu/snarl>.
