

District 7 Selected Profile Data

Tables of selected data from the County Data Profiles for the Community Assessments conducted by the University of Kentucky's Cooperative Extension Service are provided for each Extension District by the **Kentucky: By The Numbers** program in the Department of Community and Leadership Development. These secondary data supplement the survey, focus groups, and key informant interviews conducted in each county across the state through the County Extension Offices and coordinated by the Community and Economic Development Initiative of Kentucky (CEDIK).

The overall goals for the Community Assessments are:

- To gain a better understanding of the county's pressing issues;
- To enhance Extension's place-based approach by providing information on locally relevant issues in counties;
- To gain a better understanding of how Extension can support important community change to improve Kentucky;
- To provide a statewide view of how top issues are distributed across the state.

For more information on the Community Assessment process, visit <https://extension.ca.uky.edu/communityassessment>

For additional data or other data-related assistance, contact: Dr. Julie N. Zimmerman (jzimm@uky.edu)
