

KENTUCKY: BY THE NUMBERS

~ Employment 2001 Update ~

Adair County

Julie N. Zimmerman, Eric Scorsone, and Alissa Meyer

Department of Community and Leadership Development
April, 2004

The official system of classifying industries and economic sectors has changed. The old system of 10 sectors (known as SIC or the Standard Industrial Classification system) has been replaced with the North American Industry Classification System (called NAICS for short which rhymes with “snakes”) and now has 20 sectors. The good news is that the new NAICS system better reflects our changing economy. The bad news is that, for counties, the increase in the number of categories means more undisclosed data. This issue of “Kentucky: By the Numbers” provides the first county employment data available using the new NAICS system. For more information on the new system, go to the NAICS website at: <http://www.census.gov/epcd/www/naics.html>.

“Kentucky: By the Numbers” is a series of county profiles produced on an occasional basis which are developed to support local decision making. The entire series is available online at <http://www.ca.uky.edu/snarl>.

SEED (Social and Economic Education for Development) is a program of the Kentucky Cooperative Extension Service at the University of Kentucky. Faculty draw on the resources of the Social 'N Agricultural Resource Library (SNARL) and professional contacts at the University of Kentucky, other agencies, and community programs throughout the country. For more information contact your local Cooperative Extension office or Dr. Richard C. Maurer, Community and Economic Development Extension Programs, 500 Garrigus Building, University of Kentucky, Lexington, KY 40546 or call (859) 257-7582.

Educational programs of the Kentucky Cooperative Extension Service serves all people regardless of race, color, age, sex, religion, disability, or national origin.

KENTUCKY: BY THE NUMBERS

~ Employment 2001 Update ~

Bell County

Julie N. Zimmerman, Eric Scorsone, and Alissa Meyer

Department of Community and Leadership Development
April, 2004

The official system of classifying industries and economic sectors has changed. The old system of 10 sectors (known as SIC or the Standard Industrial Classification system) has been replaced with the North American Industry Classification System (called NAICS for short which rhymes with “snakes”) and now has 20 sectors. The good news is that the new NAICS system better reflects our changing economy. The bad news is that, for counties, the increase in the number of categories means more undisclosed data. This issue of “Kentucky: By the Numbers” provides the first county employment data available using the new NAICS system. For more information on the new system, go to the NAICS website at: <http://www.census.gov/epcd/www/naics.html>.

“Kentucky: By the Numbers” is a series of county profiles produced on an occasional basis which are developed to support local decision making. The entire series is available online at <http://www.ca.uky.edu/snarl>.
