

KENTUCKY: BY THE NUMBERS

~ Employment 2005 Update ~

Nicholas County

Julie N. Zimmerman
Department of Community and Leadership Development
January, 2008

The official system of classifying industries and economic sectors has changed. The old system of 10 sectors (known as SIC or the Standard Industrial Classification system) has been replaced with the North American Industry Classification System (called NAICS for short which rhymes with “snakes”) and now has 20 sectors. The good news is that the new NAICS system better reflects our changing economy. The bad news is that, for counties, an increased number of categories means more undisclosed data. This issue of “Kentucky: By the Numbers” provides county employment data available using the NAICS system. For more information, go to the NAICS website at: <http://www.census.gov/epcd/www/naics.html>.

“Kentucky: By the Numbers” is a series of county profiles produced on an occasional basis which are developed to support local decision making. The entire series is available online at <http://www.ca.uky.edu/snarl>.

SEED (Social and Economic Education for Development) is a program of the Kentucky Cooperative Extension Service at the University of Kentucky. Faculty draw on the resources of the Department of Community and Leadership Development and professional contacts at the University of Kentucky, other agencies, and community programs throughout the country. For more information contact your local Cooperative Extension office or Dr. Julie N. Zimmerman, Department of Community and Leadership Development, 500 Garrigus Building, University of Kentucky, Lexington, KY 40546-0215 or call (859) 257-7583.

Educational programs of the Kentucky Cooperative Extension Service serves all people regardless of race, color, age, sex, religion, disability, or national origin.

KENTUCKY: BY THE NUMBERS

~ Employment 2005 Update ~

Perry County

Julie N. Zimmerman
Department of Community and Leadership Development
January, 2008

The official system of classifying industries and economic sectors has changed. The old system of 10 sectors (known as SIC or the Standard Industrial Classification system) has been replaced with the North American Industry Classification System (called NAICS for short which rhymes with “snakes”) and now has 20 sectors. The good news is that the new NAICS system better reflects our changing economy. The bad news is that, for counties, an increased number of categories means more undisclosed data. This issue of “Kentucky: By the Numbers” provides county employment data available using the NAICS system. For more information, go to the NAICS website at: <http://www.census.gov/epcd/www/naics.html>.

“Kentucky: By the Numbers” is a series of county profiles produced on an occasional basis which are developed to support local decision making. The entire series is available online at <http://www.ca.uky.edu/snarl>.
